Practice Plus Group, Equality, diversity and inclusion

Practice Plus Group is committed to developing, supporting and sustaining a diverse workforce and creating a working environment where everyone is able to do their job to the best of their ability without having to face discrimination, harassment, or victimisation.

As a health care provider, we understand our patients come from different backgrounds and maintain a working culture and practices that respect, value and harness difference. By understanding differences and encouraging others to do the same, we make Practice Plus Group a better place to work and a better provider of clinical services to our patients and their families.

Once you're here at Practice Plus Group make sure you visit mypracticeplus.com/health-care/equality-and-diversity where you can read about the Healthcare Equality, Diversity and Inclusion steering group members and find useful resources.

You'll also need to visit your Employee Self-Service (ESS) page to complete your personal details and sensitive information. This means we can continue to improve Equality, Diversity and Inclusion for our workforce.

When you visit MyPracticePlus, you can also read about the annual Health Care Awards that take place including an award for Outstanding Contribution to Equality and Diversity, to recognise the contribution of an individual or team committed to developing, supporting and sustaining a diverse workforce.

Finally, take a look at our website, practiceplusgroup.com, where you can learn more about all of the services we offer.
